PROFILE

A recent graduate with a B.Sc. in Business Computing and Information Systems, skilled in web development, networking and database management. Highly motivated, adaptable, and eager to learn, with a strong passion for expanding my skills in IT infrastructure and hardware. Ready to thrive in fast-paced environments and tackle new challenges with enthusiasm and a commitment to growth.

SKILLS

- **Web Development**: Proficient in Node.js, Express, PHP and Django

- **Front-End Technologies**: HTML5, CSS3, JavaScript, jQuery, Bootstrap, React, Next.js

- **Version Control**: Git, GitHub.

- **Project Management**: Understanding of the software development life cycle (SDLC) and best practices.

- **Database Design**: Strong knowledge of MySQL database design and troubleshooting.

- **Object-Orientated Programming** (OOP): Skilled in both OOP and procedural programming methodologies.

- **E-commerce Solutions**: Experience with e-commerce platforms and user experience optimisation.

- **Browser Testing**: Proficient in using developer tools for testing and debugging across different browsers.

- **SQL Queries & Data Extraction**: Proficient in writing SQL queries for data retrieval, manipulation, and analysis in MySQL databases.

WORK EXPERIENCE

Travel Website (Freelance Project)

January 2024 - May 2024

- Developed a travel website allowing customers to book travel packages and view destinations, expanding the business's global reach.
- Designed a user-friendly interface with intuitive navigation and flexible payment, enabling users to complete tasks quickly and efficiently.
- Implemented an admin panel to track sales and analyze yearly reports on sales and packages, enabling improvements to the business's plans and marketing strategies.

Food Delivery Website (Freelance Project)

April 2023 - October 2023

- Built a food delivery website enabling customers to order Italian food from home, resulting in a 20% boost in sales.
- Developed a responsive and user-friendly design for seamless interaction and order placement across devices (mobile, laptop, and desktop).
- Implemented an Admin Panel for market and sales analysis on a yearly or monthly basis, contributing to a 50% increase in customers within one year.

Full Stack Development Intern

Three-B Mandalay, Full-time

April 2022 – September 2022

- Collaborated with a team to develop and maintain a responsive e-commerce platform using HTML, CSS, JavaScript, and PHP.
- Designed and implemented a user-friendly admin panel to improve website management, reducing administrative workload by 30%.
- Optimised database performance by effectively using JOINS and UNIONS in MySQL, achieving a 15% improvement in query execution speed.
- Utilized Git for version control and Agile methodologies for project management.
